

# EGGS and EMPIRES

**Eggs and Empires** is a fast-playing card game where players use matching decks full of adventurers. Each round, players choose an adventurer to send into the Ridback Mountains to collect valuable dragon eggs. Sometimes the strongest adventurer will be rewarded with the “best egg”, however, each adventurer has a unique power that can affect the order in which eggs are selected. The powers interact in strange and awesome ways so that every hand is exciting and fun! Collect dragon eggs—avoid the exploding ones—and gain glory for the Empire!

*“Following their success with **Fleet**, this design duo has come up with another game that's a hit. **Eggs & Empires** perfectly fills the role of a quick, entertaining, accessible deduction-based card game that novice & hardcore gamers will surely enjoy!”* - Dan Halstad, League of Nonsensical Gamers

*“Overall, **Eggs and Empires** is a great simple game that’s quick to teach, easy to learn, and lots of fun. The simple game play makes it accessible to many players, and the luck of the draw is balanced very well against the strategy that comes with a small deck and each player having the same cards.”* - Ken Grazier, Geek-Craft.com
