

Empires: Age of Discovery

Formerly known as *Age of Empires III* with *Builder's Expansion*

Formerly known as *Age of Empires III*, this deluxe edition has been revamped with new board, art and rules all devised by a committee of game experts and fans from the BGG community and Eagle-Gryphon Games

Empires: Age of Discovery, designed by Glenn Drover, allows you to revisit the age of exploration and discovery. Take on the role of a colonial power seeking fame, glory, and riches in the New World.

As you proceed through three ages, you can launch expeditions of discovery, colonize regions, expand your merchant fleet, build capitol buildings that give your nation distinct advantages, develop your economy, and, if necessary, declare war.

This edition includes the Empires: Builder Expansion along with the capitol buildings and National Advantage tiles.

UPC:	896672001007

Case Size	4
Weight/Unit:	12 lbs. 4 oz.
Box Dims:	15.5" x 12.5" s 4"
MSRP:	\$129.99

Tom Vasel Dice Tower Review: *Age of Empires III* is a heavier strategy game than most, although it doesn't require too much thought to get into. However, it may be the best strategy game I've ever played with six players . . . and certainly has no downtime and a good, flowing feel. . . . It is a fantastic game of discovery, marrying theme with good mechanics for a tremendously solid, fun game.
