

# Jack The Ripper

## Mystery Rummy Case #1

Jack the Ripper attaches an interesting theme to the traditional Rummy framework. Playing Victims, Suspects, Scenes and Evidence-Melds, players try to build a case against various suspects for the famous Jack the Ripper serial murders.

Whichever suit has the most cards played in it when a player goes out is the guilty party. However, if all the Victim cards come out before the end of the game, the Ripper might escape, giving the player who produced that card a significant point allowance.
