

# WARAGE

**WARAGE** is the ultimate turn-based strategy card game: role play, strategy and deck building merged together for endless adventure.

Each Hero starts the game with 100 Hit Points (HP) and in order to play any card you have to pay its cost in HP. During your round, you can equip your Hero with the items you have in your hand of cards, and you can attack your opponent(s) through Physical and Magic Attacks.

This Edition comes with 4 pre-built decks that are ready-to-play for 4 players. Or, create your Hero by choosing one of the Class cards and one of the Race cards available and then construct your deck (48+ cards) making selections from any of the more than 110 existing cards. Wow! Deck building and "RPG attitude" together. . . **Welcome to Warage!**

"This is a competitive and robust pre-constructed deck game where it is possible to play a quick and intense battle."
