### A thrilling card game of Outlaws, Sheriffs and Fast Guns!

The Wild West! Tough times and tough characters! Bandits, desperados, rustlers and thieves are everywhere... Take the roles of the brave sheriffs riding on the heels of legendary Outlaws. Capture Jesse James! Hunt Butch Cassidy and the Sundance Kid! Rich rewards await those brave and daring enough. Just be careful not to let them slip away...

The game is played over several hands. In each hand, the players try to earn as much reward money as possible by participating in the capture of the Outlaws – and with as little help from the other players as possible. The greater a player's part in the capture of an Outlaw, the greater will be his reward. All this depends on his level of participation and that of the others. By playing their cards, the players come closer and closer to capturing the Outlaws. Also, the more cards played, the higher the reward grows. Players must play both competitively and cooperatively. The player who best plays the cards he draws will win.

*"This is an excellent game for adults and older children. The rules are simple and game play is quick and elegant, but the game requires a fine sense of timing and strategy that makes it interesting to play again and again."* –J. Garlen
